SEPTEMBER 1st COMMENCES NEW SCHOOL YEAR IN REGION NO. 17

September 1st is upon us and so is another school year in Regional School District 17. It is my distinct pleasure to welcome you to a new year and wish you all the best for a great one.

As I begin my second year as your Superintendent of Schools, I continue to stand in awe of your generosity and support for all of our schools. I am particularly appreciative of the thousands of hours that many of you contribute to the district as volunteers. Your efforts are greatly appreciated and my hope is that you will continue spending time with us and your children in whatever capacity you choose to pursue. All of us in the district realize that to develop and maintain effective schools, there must be a concerted effort to unify parents, members of the community at large and school personnel around the common purpose of providing all that is best to meet the needs of our children. From my unique perspective, I firmly believe we have made great strides in accomplishing this vital task.

As with any new year, you will note some changes in personnel, work on projects to maintain our schools as well as changes to enrollments in all schools. We have experienced some unexpected growth at Burr District Elementary School, Haddam Elementary School, Haddam-Killingworth Middle School and Haddam-Killingworth High School. Additionally, the construction of the new Intermediate Middle School is well underway with steel visible from Route 81. During the summer months, we have been fortunate to have had the time to prepare for numerous curriculum changes that will be implemented to ensure your children are adequately prepared to move forward academically, socially and emotionally.

We are also fortunate to have secured the talents of twenty-nine new staff members who will most certainly contribute to our highly-trained and excellent staffing compliment.

This year we have selected a theme of *“Moving From Good to Great”* for we firmly believe we have made significant progress toward achieving and exceeding the high expectations we have set for ourselves as your childrens’ educational service providers. We stand committed to working with you to meet the rigor associated with the unprecedented levels of accountability facing our schools and other school districts in our state and throughout our country. We have an exciting, positive momentum that we must

continue to nurture and sustain. We openly recognize that you are essential ingredients to our success as a school district and will continue to provide opportunities that will foster open communication for the purpose of keeping you involved in your schools.

In closing, I wish you a happy, healthy new school year on behalf of the Board of Education and all of the individuals associated with your school district. May we all work together to make the hopes and dreams of our children become a reality. May we continue to listen to our children and value them as individuals.

I remain very truly yours,

Gary S. Mala, Superintendent of Schools

**SPOTLIGHT ON SEVENTEEN TO BE PUBLISHED
DIFFERENTLY THIS YEAR**

In an effort to be more efficient and economical with district resources, we have decided to refrain from publishing the “Spotlight on Seventeen” in its traditional format. In the past, editions of the school district newsletter were mailed to each resident in Haddam and Killingworth at a very large expense. This year, the newsletters will be made available via the school district website at www.rsd17.org. Additionally and to accommodate individuals who do not have access to internet resources, we will provide multiple copies of each newsletter at the town hall and public library in each community.

REGIONAL SCHOOL DISTRICT No. 17
GUIDING QUESTIONS

(Adapted from the work of Doug Reeves as presented by Peg Portschellar, Center for Performance Assessment, August 2005)

How are we doing?

How do we know?

How do we feel about how we are doing?

How can we do better?

REGIONAL SCHOOL DISTRICT 17
A STATEMENT OF EDUCATIONAL PHILOSOPHY

We believe that it is imperative to develop a community of perpetual learners by offering comprehensive, rigorous and contemporary instructional programs and services imparted by highly trained, dedicated and caring professionals with the support of parents and citizens. Recognizing that individuals represent the most valuable resource of our school district, we stand committed to creating and maintaining a culture and climate that supports learning for all.

The Regional School District 17 Board of Education is dedicated to effectively prioritizing and being held accountable for the allocation of the human, financial and physical resources of the school district to ensure the efficient delivery of all services to each student.

Adopted by the Region 17 Board of Education: November 9, 2004

Within the context of the Statement of Educational Philosophy, the Board of Education of Regional School District No. 17 affirms the following beliefs for the education of students and the enablement of staff.

REGIONAL SCHOOL DISTRICT 17
BOARD OF EDUCATION BELIEF STATEMENTS
(Draft as of September 1, 2005)

We believe that our highest priority is to address the needs of students.

We believe each student is a valued individual with unique physical, social, emotional, and intellectual needs.

We believe learning should build confident and competent individuals.

We believe each student deserves educational challenges which encourage each to strive toward his/her highest potential.

We believe in providing safe, nurturing and inspiring learning environments for all members of the school district community.

We believe in providing learning environments that utilize advanced technologies to supplement high quality instruction.

We believe educators must nurture a desire in each student to achieve his/her personal best.

We believe that members of the school district community will perform at or above levels established by adopted academic and social standards which nurture a desire in each student to achieve his/her personal best.

We believe in maintaining a leadership structure that is based on a sound system of accountability and high professional standards.

We believe in maintaining an effective system of communication within the school district and the community at large.

We believe that the community shall work together to help each child build self-esteem, independence, responsible behavior, and respect for others.

We believe children learn best when the community has a vested interest in their schools' success.

ANNUAL NOTIFICATION OF OBLIGATION

The following is written for our students and their parents. It contains required and useful information. It cannot completely communicate all of the policies and regulations of Regional School District No. 17 and is designed as a general guideline and resource for students and their families.

SCHOOL ATTENDANCE

Connecticut laws require that Regional School District No. 17 provide you with this written notice of your obligations under Connecticut General Statutes. This law provides that each parent or other person having control of a child five through eighteen years of age (unless withdrawn with adult permission after age 16) is obligated to cause the child to attend school regularly during the hours and terms school is in session, unless such parent or other person shows that the child is elsewhere receiving equivalent instruction, or the child is otherwise not required to attend school by statute. Connecticut General Statute 10-185 provides that each day's failure to comply with these requirements is a separate offense, punishable by a \$25.00 fine. Parents are required to provide the school with a telephone number or other means of contacting such parent or such other person during the school day. Forms for notifying the school of this information will be sent out at the beginning of each year and can be received from each school for new enrollees or for updated information.

EQUAL OPPORTUNITY/NONDISCRIMINATION

Regional School District No. 17 public schools shall be open to all children five years of age and over who reach age five on or before the first day of January of any year. Each such child shall have an equal opportunity to participate in the activities, programs, and courses of study offered in such public schools without discrimination.

Each student is encouraged to develop and achieve individual educational goals. The district will provide every student with equal educational opportunities regardless of race, color, creed, sex, sexual orientation, national/ethnic origin, religion, age, economic status, marital status, or disability. Each student shall have an equal opportunity to participate in or have access to any course offerings, student athletics, counseling services, employment assistance, co-curricular activities, or other school resources, without discrimination.

Regional School District No. 17 does not discriminate on the basis of a disabling condition as it applies under Section 504 of the Rehabilitation Act of 1973.

Regional School District No. 17 does not discriminate on the basis of race, color, religion, national/ethnic origin, age, sex, sexual orientation, or disability in its programs, activities and employment practices.

Contact the Central Office of the school district for the designated district compliance officer.

DIRECTORY INFORMATION

Directory information includes information not generally considered harmful or an invasion of privacy if disclosed, including name, address, telephone number, date and place of birth, major field(s) of study, participation in school-sponsored activities or athletics, weight and height (if the student is a member of an athletic team), dates of attendance, degrees and awards received, and the most recent previous educational agency or institution attended.

Directory information shall be provided to all recruiters, including commercial, non-military and military concerns and recruiters representing institutions of higher education. Schools may release to parent groups and other organizations this information provided such information is to be used by the organization for its own school activities or school business. Parents must contact the District by September 15 of the school year that designation of such directory information has been refused as to a particular student.

HARASSMENT STATEMENT

Regional School District No. 17 does not permit or condone harassment of any kind. Every child has the right to feel safe, valued and comfortable in school. No one else's behavior should ever make children feel afraid or embarrassed because of their color, their religion, the country in which they or their parents were born, their sex, or any disability they may have.

Parents are urged to reinforce with their child(ren) that if he/she is harassed or bullied, or sees harassment or bullying happening to someone else, that he/she should report the behavior to the principal, a teacher, social worker, school nurse, or any adult with whom the student feels comfortable. To maintain a productive and positive learning environment, the Board of Education will make every attempt to halt any harassment of which they become aware by calling attention to this policy or by direct disciplinary action, if necessary.

PARENTS RIGHT-TO-KNOW/PROFESSIONAL QUALIFICATIONS

As part of the federal "No Child Left Behind Act" you may request information regarding the professional qualifications of your child's teacher. You may do this by contacting the main office at the school your child attends.

PESTICIDES AND ASBESTOS MANAGEMENT PLANS

Parents, guardians and staff may also request information about pesticide and asbestos management plans. Only certified pesticides are used by schools, and buildings are inspected as required by law for asbestos. For further information about notification and plans contact Michael Distefano, Director of Buildings and Grounds, at 860-345-4534.
